COSMOPOLITAN

Set in the heart of Malacca, Philea Resort & Spa, Ayer Keroh is a truly unique destination. In support of environmental conservation, the 15-acre resort was built with natural Malaysian-made resources including 8,000 railway sleepers, more than 6,000 tons of marble from Perak, and recycled materials from shipwrecks. Thousands of trees surrounding a man-made waterfall add a distinctive green touch to the setting, complemented by rustic architecture with stylish features. Lap up the comforts of a spacious room with luxurious bedding and cutting-edge amenities, or make new acquaintances at the ChillOut Bar with its tantalising array of delicious cocktails and fine wines. Whatever you fancy, it's always a memorable stay at Philea Resort & Spa, Ayer Keroh.
